

FOOD & BEVERAGES

Regardless of the nature of the product, all those involved in this industry have in common:

- They visit thousands of addresses every month
- They must distribute hundreds of different products
- They have narrow and multiple time windows
- Customers service times are different
- They need to reduce transportation costs

BENEFITS OF USING DRIVIN

- ✓ Reduce transportation costs by up to 30%
- ✓ Get real-time visibility of your entire fleet
- ✓ Increase customer service levels
- ✓ Notify your customers when your deliveries will arrive
- ✓ Monitor the KPIs of your operation at all time
- ✓ Obtain online information of each delivery (status, photographs, signatures, comments)

When planning, you are able to consider time windows, service times and many other restrictions you may have
